

SuperCharger Vacuum

SUPERCHARGE YOUR PROFITS!

SuperCharge your profits with the SuperCharger vacuum. Your customers can select either the "Standard" vacuum mode, giving them the performance of two powerful vacuum motors, or, for an additional cost, the "SuperCharger" vacuum mode, for the added boost provided by a third vacuum motor.

Quality - Performance - Reliability

**More power, and more profits,
at the flip of a switch**

On the back of the machine - the upper door opens to allow access to the filter/intake chamber – the lower door opens to allow access to the removable five gallon dirt bucket

Standard Features:

- Stainless steel construction
- Large meter box, with internal frame for higher strength and security, will accommodate the packaging of various electronic options and/or allow future upgrades
- Meter panel door attached with piano hinge on one side and two heavy-duty Medeco cam locks (and extra lock tab) to protect your money and high-end electronics
- **3-Chamber vacuum tank** with separate dirt intake and collection chambers
- **Two pleated cartridge filters provide 16 ft² of filter surface area - with expanded-PTFE surface membrane, filters are 99.7% efficient at 0.3 microns**
- 5-Gallon bucket for dirt compartment
- Deluxe Model: IDX LTT-802 display timer (two-timer) with last coin alert horn
- Basic Model: IDX AT-422EL (two-timer) with last coin alert horn
- 24 Volt Control and Switching Circuits
- Mechanical coin acceptor
- 1.5" or 2.0" x 15' crushable hose with duckfoot tool
- Fuse protected
